ABSTRACT

Declaration of generative AI and AI-assisted technologies in the writing process

During the preparation of this work the author(s) used ChatGPT 4o to partially refine the completed manuscript. After using this tool, the author(s) reviewed and edited the content as needed and take(s) full responsibility for the content of the published article.

Declaration of Competing Interest

The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

Acknowledgment

Haibo Li acknowledges the support of Program of China Scholarship Council (202307090014). The research of Zhiguo Zeng is partially funded by the chair of Risk and Resilience of Complex Systems (Chair EDF, SNCF, Orange, Natran and RTE), and the French Research Council under contract number ANR-22-CE-10-0004 (Project DFT).
